1. INTRODUCTION

The theme of the 7th International Conference on 'Role of Religion in Development' being organized by City Montessori School, Asharfabad Campus from 12th to 14th August, 2017, at the CMS, World Unity Convention Centre, Lucknow, India, is two fold viz.

Unity for Development Constructive behavior for Religious harmony i.e. Never withdraw behave destructively.

“For this beautiful world to reach greater heights of accomplishments, it is imperative for all of us to understand and accept the need to live in unity.” “Unfortunately at times due to the communication gap and our pre-conceived notions about people from different religious backgrounds either we withdraw ourselves or for the sake of survival or behave destructively. This is primarily the reason behind the conflict, strife and stress that is enveloping human lives today all over the world.”

Now a days there are greater conflicts among people of the same religion and the same civilization.

“Ekam Sat Vipra Bahudha Vadanti” (God is one and the wise call it by many names) is the message from Rig Veda, which mentions the word “Buddha”, i.e. “pluralism” in English is a solution to resolve conflicts. Religion is a spectrum of our life. Religion shapes us and encompasses almost every part of our life. Religion is ‘Dharma’ (‘Dharan’) i.e. Adoption or Righteous Duty and just a Faith. Its seven colors are: viz. culture, language and literature, history or civilization, social behavior or understanding of the humanity.

“ In my view, Religion is just a faith amalgamated with the righteous path to serve the humanity to achieve the eternal happiness under the feet of omnipotent, omniscience, Supreme Power the great Almighty God.”

“Majhab Nahin Sikhata Aapas Mein Vair Rakhna,

Hindi, Hindu Vatan Hai Hindustan Hamara” ————— Iqbal

Religions are the synergy of different paths to reach one and only one destination i.e. serve the humanity with love with the flowers of diversity. Right from the day one God created the Universe with diversity but, without any tag of Religion vis-à-vis Faith. The newly born infant does not get birth with any tag of Religion e.g. Hindu, Muslim, Christian etc. but, only adopts the ways and means of the society, family, faith, religion wherein he gets birth and hence known by the socio-geo-political community. Anatomically we all are same with the same color of blood and the great Almighty never discriminated and created bad or good human; its our deeds which makes us good bad.

The common inherent traits shared by different civilizations make any region in the World, a role model of co-existence where the external elements get accepted adjusted, absorbed and honored. This is evident in South-Southeast Asian regions and beyond doubt Indian Subcontinent is an ideal model of co-existence of all the religions/faiths, culture and civilizations. India is a Pilot plant of the Universe. Hence, for the optimization of Socio-Religion Harmony (SRH) its imperative that:

Socio-Religious harmony (SRH) should be practiced by all people of all religion by celebrating jointly all the religious and social activities together without any differentiations of cast, color and religion with one feeling that we are children of the same one Father (God) who is addressed by different names out of love. This is possible when environment is healthy i.e. free of pollution and peaceful. “ Mazil Ek par Rahen Alag Alag” i.e. “ Destination is one but, paths are different”

Peace cum Socio-Religious Harmony Model (SRHP-Model) I have endeavored to develop Peace cum Socio-Religious Harmony Model (SRHP-Model) comprising ACE-Circle i.e. Arts, Culture Education with the assumption that: “Peace is inversely proportional to Entropy i.e. Disorderliness” Mathematically,

Peace(P) = K < 1/Entropy (E) >, Where K=Karma (Action) is Constant. <VG:PE> ,Eqn.(1) say

The acronym ACE-Circle defines the Structure of SRH (Socio-Religious harmony) i.e. to achieve SRH, there has to be intermixing of the Arts, Culture and Education. These ‘ACE’ are tools or in scientific notations of atomic structure ,these may be correlated with three electrons revolving around the : nucleus of Peace (P), comprising three Protons viz. Society, Religion Harmony.

The Religious leaders e.g.(Pundits, Imams, Priests) should preach Socio-Religious –Harmony in their religious meeting at their respective religious places (Temples. Moscue, Churches Gurdawaras etc.)as its seen these are more effective and be easily taken granted by the followers of these particular faiths. The same be catalyzed and ceremonies by the Artists Educationist in their own ways.

To get the SRH implemented , all the Leaders of SRH viz. Religious Teachers, Artists, Celebrities ,law-makers Educationist must shun off ego, fanatics ,high headiness, rigidity and must adopt flexibility with positivity and harmony.

Last but, not least ‘SRH-Hub Spoke Model’ developed by me ;be adopted to bring out Socio-Religious –Harmony where ONENESS is Hub and DIVERSITY is ‘Spoke’

2.INNOVATIVE TECHNOLOGY FOR OPTIMIZATION OF WORLD PEACE THROUGH ASEAN CULTURAL , RELIGIOUS HERITAGE(ARCH)MODELS.

ASEAN Culture and Heritage is a backbone to preserve the Past for Future. Peace Development encompasses:

Purpose, Principles, Philanthropy, Peaceful Interaction amalgamated with value based Knowledge.

PEACE is paramount for the prosperity of People Planet.

“Peace would prevail with every body’s be well being, everywhere Happiness, Harmony in everybody and no misery be ever.”

This WORLD ‘ll Be In PEACE when; —Mental Peace exists,

—Materialistic Peace exists ,

—Demographic Peace exists

— Environmental Peace exits.

Through KNOWLEDGE (i.e. Quality Human Valued Education).

Peace is not only paramount for the development of any Nation but, a foundation for its sustenance. To develop peace and for its sustenance , there are four pillars acronym as(SIDE), i.e. Spirituality, Innovation, Demographic and healthy Environmental. PEACE is manifestation of ‘OM’, ‘AMIN’,AMI (SECULARISM) of ‘VASUDEVA KTUMBHKAM’ i.e. ‘WORLD FAMILY UNDER ONE GOD’ . In other words we are children of the one God so we’re ‘Global Human’ vis-à-vis ‘Global Citizen’. Or ‘ONE FAMILY,ONE GOD”

GOD is omnipresent omnipotent.

There are many religion in the World and all the Religions (Faiths) pray for the Peace.

In our country there is an agglomeration of all the World’s Religions (Faiths),Cultures, terrains, seasons languages. Our Country is Secular perhaps a Pilot Plant of the Great Almighty when HE created this World’s Civilization. Be SECULAR Keep one thing in mind:

‘TEMPLE’ is a 6 letter word.

‘CHURCH’ is a 6 letter word

‘MOSQUE’ is also a 6 letter word.

Also, ‘GEETA’ is a 5 letter word. ‘BIBLE’ is a 5 letter word. ‘QURAN’ also a 5 letter word.

These words have different Spelling. But the Thing they express the same. So Religion(Faith) does not a matter. The only thing is we are all 'INDIANS' /NATIVES , HUMANS siblings of one GOD residing in one family of the WORLD. This culture of 'HUMANITY' is the Base Pillar of PEACE

Indian sub-continent, is a pilot plant of the Almighty embracing all the cultures with secular fabrics. Asian had rich heritage advancing fast in Science Technology. VG:PEACE PREDICTING MODELS (VG-PPM) Also, an humble endeavor has been made to develop Innovative VG:PEACE EQUATION (VG-PE) in order to develop VG:PEACE PREDICTING MODELS (VG-PPM) to establish peace, optimize peace and predict its sustenance over the mother Earth planet.

These VG: Predicting Peace Models (VG:PPM) are based on the ARCH: (ASEAN Religious Mythology Culture Heritage with the said four SIDE (Spiritual, Innovative, Demographic Education)Peace Pillars erected on the principles of Mind, Meditation and well being ness in South and Southeast Asia. Pictorially, Assume, P1,.....P4 are peace Pillars A R C H Mathematically, S I D E P(Peace) is f(ARCH) P1 P2 P3 P4 P(Peace) is f(SIDE) (ARCH) is f (SIDE)

Hence, P(Peace)is f <(ARCH) + f(SIDE)> Model-1 This is VG: Predicting Peace Models (VG:PPM) Further, from Model-1 we get, <Peace(P) is directly proportional to (ARCH) i. e. P = H(ARCH)>M-1Eqn.(a) <Peace(P) is directly proportional to (SIDE) i. e. P = H(SIDE)..>M-1Eqn.(b) OR, Peace(P) = f <(ARCH)= f(SIDE)> Model-1(a)Eqn. Where, H=Humanity is Constant i. e, PEACE(P) HAS LINEAR RELATIONSHIP WITH (ARCH)(SIDE)

ASIAN implicitly not only means a conglomeration of South and South Asian countries geographically but, its also a bond of homogeneous collectivism and practicality amalgamated with nation-states, populations, currencies, religious lives, culture patterns, heritages and lifestyles. VG: PEACE EQUATION (VG:PE) :

An Ambassador of Peace has to be a Successful Leader with a strong conviction victorious of 3A's: ANXIETY, ANGUISH, ANGER as these are in inverse relation to PEACE being the Creators of Entropy. i.e. E(Entropy) is directly Proportional to 3A's: ANXIETY, ANGUISH, ANGER(a)Eqn. Peace (P) is inversely proportional to(3A's):ANXIETY, ANGUISH, ANGER.... Peace (P) =A / (3A's): ANXIETY,ANGUISH, ANGER..... (c)Eqn.

Next, In my view,

PEACE (P) is inversely proportional to(E)- ENTROPY(Disorderliness) i.e i.e. < P =A (1/E)> Eqn.(1)say<VG-PE>Eqn. Where, A(Action) is constant acronym as VG: Peace Equation PEACE(P) HAS NON- LINEAR RELATIONSHIP WITH ENTROPY(E)

3. PEACE SUCCESS.

.In my view:

“Peace(P) is directly proportional to Success(S)” i.e

<P = AS>, Eqn.(2)say <VG-PS> Eqn. Where, A(Action) is constant.

PEACE(P) LINEAR RELATIONSHIP WITH SUCCESS(S)

Based on VG:PEACE EQN. a direct correlation between success and Peace has been devised taking into account that PEACE is the first pillar of SUCCESS along with(3p) : people(p1), planet Environment(pe2) prosperity(p3). In other words, Peace(P) is dependent on people(p1),i.eP=f(p1) Peace(P) is dependent on planet Environment(pe2),i. eP=f(pe2) Peace(P) is dependent on prosperity(p3)i. eP=f(p3)

Peace(P)= f(p1)= f(pe2)= f(p3)(3) Eqn. say Peace(P) = f (3p)..... (3) Eqn. < VG: (3p)>Eqn.

PEACE(P) HAS LINEAR RELATIONSHIP WITH(3p): people(p1), planet Environment(pe2) prosperity(p3).

.Success is achieved by:

“Only the Person having firm conviction Iron volition can attain strength Energy. At no stage of karma does he ever hesitate. “ ——— Rigveda

** Hard work, persistence , preserverce Never QUIT

**Target Oriented approach with PASSION is the must to achieve the goals.

'SuccessMantra'i.e.Theelementsofsuccessare : $\text{W} \text{A} \text{T} \text{C} \text{H} \text{C} \text{l} \text{e} \text{a} \text{r} \text{p} \text{u} \text{r} \text{p} \text{o} \text{s} \text{e} \text{f} \text{f} \text{I} \text{t} \text{e} \text{a} \text{m} \text{a} \text{t} \text{t} \text{r} \text{i} \text{b} \text{u} \text{t} \text{e} \text{f} \text{f} \text{S} \text{t} \text{r} \text{e} \text{n} \text{g} \text{t} \text{h}$

.EinsteinSuccessEquation : $\langle S = X + Y + Z \rangle$ S – Success, X – Think(Dream), Y – Hardwork Z – Rest(Quiet)

In my view SUCCESS vis-à-vis PEACE is embedded with (5 Cs) :

.Character

• Commitment • Conviction • Courtesy • Courage Peace(P) is f (5 Cs) Success(S) is f (5 Cs) Peace(P)=f(S)= f (5 Cs)(4)Eqn.<VG:PSEqn.> OPTIMIZATION OF PEACE IS DEPENDENT ON 5 Cs HAS LINEAR RELATIONSHIP WITH PEACE SUCCESS. An Ambassador of Peace has to be a Successful QULITY Leader with a strong conviction of :

“I always Create, never Destroy I always Believe, never Doubt I am a Successful person, not a Victim I have the Capacity Knowledge to help People I am a Leader”

.QUALITYInputs :

“ Quality is never an accident; it’s always the result of of:

—High intention — Sincere effort —- intelligent direction ——— skillful execution;

4.PEACE THROUGH SPIRITUALITY

Principle of spiritual unity is basis to establish Peace through Spirituality. The spiritual unity means respect to all religions, religious diversity and mankind must not be divided by Prophets and Holy Scriptures. Right from the day one God has created Diversity and there is a manifestation of unity through it in humanity. The division and hatred in the society are due to : —economic and political reasons,language, sectarianism, regionalism, food habits . . . disregard for the moral values teachings of the spiritual Masters. . . . and rivalry among nations for domination. SPIRITUALITY:

“ Spirituality is Science of Conscious “

– Swami Vivekanand

In other words the spirituality is Science of Soul i.e. Search for Truth.

Hence ,its an eternal, immortal, indestructible by any kind of weapons, fire, omnipresent and omniscience gift of God give to His creations.

—The GEETA (Chap.1.23)

i.e. the Self (Soul/Conscious) can not be wounded by weapons, burned by fire, moistened by water, or blown by wind.”

—— The GEETA (Chap.1.23)

@Spirituality is an axiomatic presentation of Vedic Knowledge on life.

@ To Conceptualize Spirituality

20th century author Henry Nouwen asked three Basic Questions

.Who Am I ? ;;;;How Do I Make a Difference ? . . . Is there something More?

These questions are applicable to everybody of us, so are the movements that help us to answer these questions. Still, each one of us shall have answers based on our conscious and our cultural, religious philosophical background

@. In my view SPIRITULITY is an orientation of ACTION,THOUGHT MIND (ATM) as per VEDAS i.e. Word of GOD Songs of Divine: The GEETA.

The VEDAS belong to Humanity and do not propagate any Faith (Religion) in particular, except narrate the way of righteous living.

As the VEDAS first evolved from trans-Indus River (Sindhu) region; known as INDIA hence gets correlated with’ Hinduism’ which is not a faith in particular but, the well illustrated ‘Way

of Life' for all the children of God living in one Global Family of the Great Almighty.

In other words, Spirituality is GOD's ATM which blesses only when one inserts the card of KARMA (Righteous Action).

.HENCE, Do Your DUTY (ACTION) honestly, sincerely, Smilingly with priority as its leads to PEACE(MENTAL).

“ Its better to do your Duty than to remain without doing anything Action is important because we Cannot even maintain our Own body without it.”

—The GEETA (Chap.3.8)

@. How SPIRITUALITY Leads to PEACE(MENTAL):

“Help the distress, down trodden.” ——Mother Teresa.

“ I don't desire kingdom, neither heaven nor supreme attire (Moksha) I only wish that may I be helpful to the distress in getting rid of misery.”

Pt.Madan Mohan Malviya

@ Be Fearless, Stress free free of worries.

There is an old couplet of village folks

i.e.” Stress Worries are worst than pyre as pyre burns the Dead-body, while the worries eats up the living ones disturbing the Peace.”

Know Self

Win over three A's: SENSES.

— ANXIETY —- ANGUISH ——ANGER

If, one does not control these three A's then it leads to Loss of Wisdom leading to loss of Peace of mind.

“Thinking about sense objects brings an Attachment towards them. Attachment breeds desire, and desire leads to frustration, which in turn leads to Delusions.

—— The GEETA (Chap3.62)

When you are deluded, you loose your Memory, And with the loss of Memory, the power of discrimination is destroyed; With the destruction of discrimination, yourself itself is lost.” —— The GEETA (Chap3.63)

Have Strong Character It's old saying that: “ Wealth is loss, nothing is lost, Health is lost, something is lost, When CHARACTER (ethics, action) is lost everything is lost.”,

RESPECT all the FAITHS (Religion) Believe in GOD Ie. Do to others as you wish to get from them.

SERVE With LOVE: GIVE,GIVE,GIVE. . . .More you give-more you get. Remember: “God has given us two hands, One to receive with it and one to give with it.”

MEDITATION Leads to Mental PEACE.

Practice Transcendental Meditation (TM) i.e. Meditation based on Human Conscious.

Organize Collective Program of Transcendental Meditation (TM) i.e. 'TM-Sidhi' in order to achieve Community Peace.

Create Coherent National Conscious through Technologies of Consciousness i.e. 'Maharishi Effect'; innovated by Maharishi Mahesh Yogi in beginning of 20th century. Expand 'TM ' over the Globe to optimize World Peace through spiritual development.

Apply PEACE BASED Technologies of Defense i.e. 'Invincible Defense'

5. PEACE(MATERIALISTIC) THROUGH 3-I's (IMPROVEMENT ,INNOVATION ,INVENTION)

PEACE (MATERIALISTIC) is achieved and perceived when the Basic Needs i.e. FOOD, CLOTH, SHELTER of human beings are met.

These Basic Needs are met through the 3-I viz.(IMPROVEMENT ,INNOVATION ,INVENTION,)

Innovation: means (Lat. innovare: "to change") i.e. doing something different or doing in different ways.

Innovation, invention, improvement: Innovation, differs from invention i.e innovation refers to the use of a better and, as a result, novel idea or method, whereas invention refers more directly to the creation of the idea or method itself Improvement refers to doing the same thing better.

VG: Correlation of 3-I(Improvement, Innovation, Invention) With PEACE: 'VG Peace Eqn.' Say, I1: Improvement, I2 : Innovation (I3): Invention (Innovation)vg is directly proportional to '(Curiosity)vg' Mathematically, $I2vg = Cvg$ Eqn.(1) Similarly, (Invention)vg is directly proportional to '(Creativity)vg' Mathematically, $I3 = Crvg$ Eqn.(2) Similarly, (Improvement)vg is directly proportional to '(Betterment)vg' Mathematically, $I1vg = Bvg$ Eqn.(3) Adding, Eqn.(1),(2) Eqn.(3) we get

Correlation with Improvement, Innovation Invention: $(Bvg)+(Cvg)=(Crvg)$. Eqn.(4) Simply, $(I1)vg + (I2)vg = (I3)vg$ Eqn.(5) i.e. 'VG Invention Eqn.' i.e. Betterment +Curiosity = Creativity i.e. Improvement +Innovation = Invention Improvement leads to Innovation Innovation leads to Invention @ All the three together shall result PEACE(P) i.e. $P = (I1)vg + (I2)vg + (I3)vg$ Eqn.(6) i.e. 'VG Peace Eqn.' i.e.(Improvement +Innovation +Invention) = PEACE

6.PEACE Through EDUCATION(KNOWLEDGE) i.e.VG: ETHICAL QULITY EDUCATION (EQE) GLOBAL MINDSET

KNOWLEDGE('GYAN') "There is nothing more purifying than transcendental knowledge. One who if perfect in devotion Realizes this understanding within himself in due course" The Geeta(Chap.4.38)

The PEACE HARMONY are the universal eternal aspirations . These aspirations are achievable through AWARENESS generated by KNOWLEDGE through ETHICAL QULITY EDUCATION (EQE).

In fact the EQE meets the aspirations of Peace Harmony by: —-adequately fulfilling the Materialistic (Physical) Needs through 3-I (Improvement, Innovation Invention)adequately developing, Skills, Values , Spirituality, Attitude(+ve) at the individual Level so that he/she may live in Peace Harmony with other Human beings as an Ethical Quality Professional (EQP) Finally, be in harmonious co-existence with rest of the nature.

PEACE HARMONY THROUGH GLOBAL MINDSET

To achieve Peace Harmony one requires GLOBAL MINDSET to shape the Values in Society through EQE by adopting the Methodology based on:Faith based or Religion based. These are almost obsolete due to modern Scientific development Thinking. Hence ,adopt :Rational Scientific approaches,Exploratory verifiable Methodologies.Develop Education Management Systems (EMS) based on Skill Development, Quality Professionals blended with Value/Ethics i.e EQP through EQE(Ethical Quality Education).

In other words, an Education should be oriented towards Peace Harmony by developing implementing the Value based CURRICULA addressing the important Societal concerns e.g.;Democracy,State Diplomacy at National International levels to solve the Conflicts.,Secularism,Social Justice,Social reforms,Sustainable Development, Protection of Environment National Integration.International Understanding.

OBJECTIVE Of EDUCATION:

UNESCO defines the objective of Education as Four Pillars viz. - Learning to Know, - Learning to Do, - Learning to Be, - Learning to Live Together.

HOW TO LEARN ? Ask Three Questions ,Find the answers Innovate. WHAT ? HOW ? WHY?

To Find The Answers: Read Much, Think More Talk Less.

CREATE QUALITY INTLLECTUAL PROPERTY i.e Good Teachers God Infrastructure. Quality Education Needs Quality Intellectual Property: Quality Intellectual Property is simply a galaxy of Excellent Professors, Scientist, Inventors, Innovators, dedicated Students the

Entrepreneurs. “ The mediocre teacher tells.

The good teacher explains.

The Superior teacher demonstrates.

The great teacher inspires.” ———-William Arthur Ward

The Great teachers make the great Institutions of quality professionals blended with ethical work culture. In my view; ‘ these great teachers are ever great students’.

7. PEACE Through DEMOGRAPHIC /DIPLOMATIC MODELS

To achieve Peace Harmony DEMOGRAPHIC /DIPLOMATIC MODELS one requires GLOBAL MINDSET. In the 21st century tremendous development has taken place in Science Technology resulting proliferation in :all human activities, Human mobility and interconnectivity due to modern gadgets of transportation communication, cross-cultural interaction and Globalization of Trade ,Commerce Industry transforming the World into a Global Village. In order to establish Peace harmony in the Global Village, Global Mindset is needed in order for: Correct Understanding of the inherent interconnectedness through Spirituality co-existence in nature of which human beings are integral constituent.

DEMOGRAPHIC /DIPLOMATIC MODELS

To develop the PEACE Harmony amongst the huge population of the World of different Terrain, Culture, Languages, Mind Set, Demographic Dividends Geo-Political, Diplomatic Relations, one has to develop DEMOGRAPHIC /DIPLOMATIC MODELS with a GLOBAL MINDSET keeping in view the above stated Societal Concerns; particularly,

(a) National Integration (BORDERLESS e.g. USA, Canada, Germany (Berlin Wall) : comprising, Understanding Unity Diversity of a Nation , particularly, in case of Secular Democratic Countries e.g. INDIA, USA, UK, CANADA, AUSTRALIA, EU (with the few Exception)

Condemning disruptive ,divisive activities Terrorism

Balance development of all the Regions of the country.

Developing National Pride ,Unity, Resources, Monuments etc.

Developing Knowledge based Economy, Defense, industry Intellectual ,Skilled Manpower

(b) International Integration comprises:

Understanding Interdependence of Nations

Respect for Human Dignity, fundamental Human Rights Global Equality,

World Brotherhood, Humane outlook, fair treatment to minority groups,

Opposition to Colonization discrimination

Very Importantly to create WORLD BODIES to SUSTAIN PEACE HARMONY viz.

(a) UNO, UNESCO, UNIDO, WHO, WMO, IMF, FAO etc.

(b) NGIO (Non-Governmental International Organization) e.g.

(i) GPF (Global Peace Foundation)

(ii) Interfaith Foundation of India (IFI)

(iii) Environment Peace Foundation’ Founded By Dr. Virendra Goswami (2015) Mission:

. Stop the Nuclear Wars .Stop rise of WMD (Weapons of Mass Destruction)

. Adopt Safe, Scientific proven Technologies for National Security Global Peace.

. To innovate the Scientific Techniques to Control Global Warming, Natural Man-made Disasters save the environment on Mother Earth

(iv) Global Union of Scientist for Peace (GUSP) ,founded in 2005 by Maharishi Mahesh Yogi renamed as ‘Maharishi Mahesh Yogi Council of Scientist for Peace (MCSP) on 12 Jan’15 (97th Birthday) .

8. SCOPE - Correlation of S.I.D.E to develop VG: Peace Harmony Equation (VG:PH) Eqn. to establish sustain World Peace Harmony VG:PEACE –HARMONY EQUATION;

Taking into the above parameters viz. Spirituality (S), Innovation (I), Demographic/Diplomatic (D) Education (E); the efforts are on to develop a Mathematical Equation (VG:PEACE EQUATION;)

Correlation of S.I.D.E in order to establish sustain World Peace Harmony. Tentatively, PEACE-HARMONY EQUATION:

$$\langle P = S + I + D + E \rangle \dots\dots\dots (\text{Eqn.4})$$

Again, Peace(P) is Inversely Proportional to Entropy<Ent> (Disorderliness) i.e.E'.....

(a)

Peace (P) is directly proportional to Satisfaction(Sat) i.e (S').....(b)

Peace (P) is directly proportional to Success (Suc) i.e (S'')..... (c)

$$P = S' \cdot S'' / E' \dots\dots\dots (d) \text{ (VG:PH)Eqn.}$$

To Attain Sustain World Peace, I advocate the prayer of Nobel Laureate Rabindra Nath Tagore. "Where the mind is without fear and head is held high.

Where knowledge is free,

Where the world has not been broken up into fragments by narrow Domestic walls.

Where words come out from the depth of truth.

Where tireless striving stretches its arms, towards perfection.

Where the clear stream of reason has not lost its way into the dreary Desert sand of dead habit.

Where the mind is led forward by Thee into never widening thought And action.

Into that heaven of freedom, My father, let my country awake."

Geetanjali

I'll like to sing: the VG:'PEACE Song'

" Life thy name is PEACE,

PEACE thy name is Life,

Where it ends, there strikes

The arrow of Death"
