

REQUIREMENTS TO EXECUTION OF THESES

After registration for the event you will be prompted to create abstracts (abstracts can create on our site will continue filling out the form and clicking on the Create (Создать) and fill out the relevant sections of the form of abstracts, as well as in your personal profile is not science portal <http://conf.timacad.ru>).

1. Theses are formalized by the successive filling in additional forms of abstracts to the registration form, which, after being checked by the moderators, will automatically be made out in a separate document. The sections of the forms are presented below.

2. We draw your attention to the fact that for all sections of foreign languages, theses are filled in the corresponding foreign language:

- English for sections: "English language (general)", "English in research and development", "English in professional communication";

- German for the section "German language";

- French for the section "French language".

3. We also draw your attention to the fact that the structure of theses differs for the section "English Language" (general). [More details >>](#)
